

## **Congregations Join Together to Offer Our Whole Lives Programming**

Achieving Change Together was the theme for last year's District Annual Meeting. Workshops at the meeting were based on this theme: what joint actions or programs do congregations perform together, how do they do it and what is achieved as a result?

In this spirit, the Fourth Universalist Society (Manhattan) will be working jointly with the First Unitarian Society of Rockland County (Pomona NY) to offer Junior High Our Whole Lives (OWL), beginning this fall. OWL is the comprehensive sexuality curricula created by the Unitarian Universalist Association and the United Church of Christ.

Classes will be offered on Sundays, September 10 - February 11, from 2-4 p.m. at the Fourth Universalist Society plus two Friday overnights at the Pomona church during that time. Other congregations who have 7<sup>th</sup>-8<sup>th</sup> grade youth are invited to participate. For more information or to register, please contact Laura Beth Brown, Director of Religious Education, the Fourth Universalist Society, at 212-595-1658 x.52. Registration is limited.
